Attention, Dectors. Everybody knows that the life of the average physician is a hard one. He is often compelled to ride great distances through mud and rain for a merely nominal fee. It is not fit nor proper for us to condemn any physician for his work, but we do assert that his practice can be made easier, and he can effect more cures by the proper and judicious use of PERUNA. If he will only add this great remedy to his list of medicines he will find that his usefulness will be greatly increased. Full ction for its use will be found in the "Ills of Life," and he should at once pro-

cure this valuable book.

N. J. Wright, Business Agent Evening
Herald, Erie, Pa., says: "DR. HARTMAN—I can not but feel it my duty to
express to you my thanks for the great enefit I received from the use of your nedicines, PERUNA and MANALIN. One bottle of each placed me square on my fect, after a sickness of four weeks, which confined me to my bed, and then left me lame and crippled. Three days

it, and will say it has done her a great deal of good—the first bottle apparently giving aid and relief. We have used it for nervousiness in other cases on other persons and found it a success. For general debility, and in fact for any disease, we don't think anything else can at all compare with it. We have used forty or fifty bottles, and our house is never without PERUNA. Our little girl is now eight years old, and can run any place, was for four years helpless. PERUNA cured her."
